## Experience

### OON Design / Ing. arch. Igor Hradský

03/2018 - Today  
Košice, Slovakia  
Architect

Started as student-intern, now I am working as full time architect. OON Design is small scale studio, but we work on wide range of projects - from small scale houses to urban design. I take part at most of the processes - meeting clients, design, project visualisation, construction design and drawing, cooperation with construction engineers, studies and printing materials finalisation.

### Mjöljk architekti / Jan Vondrák, Jan Mach, Lukáš Holub; Ing. arch.

08/2018 - 10/2018  
Liberec, Czech Rep.  
Intern

Short, but intense summer internship. I happened to be a part of community with similar life attitude. In studio, I was participating in all work aspects. As extra, we were trail-running in woods around the town and hanging out in studio's own pub Vokno.

### Atelier11 / Ing. arch. Martin Mihály

06/2017 - 06/2018  
Prešov, Slovakia  
External intern

Studio based in Prešov. I worked from home during my studies on design drawings, construction drawings and 3d modeling. We took a part in competition for Cultural House in Nitrianske Pravno.

### KOPA / Ing. arch. Štefan Pacák

07/2017 - 02/2018  
Košice, Slovakia  
Intern

My first job in architecture field - unpaid internship. I worked as draftsman on reconstruction of Art Nouveau ice skating pavilion.

## Education

### Technical University of Košice / Architecture and Urbanism

09/2013 - 06/2019  
Košice, Slovakia  
M.Arch. / Ing.arch.

Full masters and bachelors daily course. For master thesis I worked on revitalisation of socialist era housing estate.

### Hochschule Wismar / Architecture and Design

02/2018 - 07/2018  
Wismar, Germany  
Erasmus

Faculty was mostly oriented to green and sustainable design. In extra I participated at international Upcycling workshop. I studied and lived in multicultural community of students from all continents possible.

### Fachhochschule Joanneum / Construction design

09/2015 - 02/2016  
Graz, Austria  
Erasmus

Faculty was mostly oriented to technical aspects and economics. In extra I took Project management course. As only erasmus student I studied in fully Austrian environment.
